Dear Steve

Please find our response below for the attention of the Examiner.

Q. Can the **Council** please advise me whether the preparation of the Draft Canterbury District Local Plan 2020-2045 is progressing in accordance with the timetable contained at Appendix 1 to the City Council's most recent Local Development Scheme (LDS), which envisages the submission of the Draft Plan for Examination in October 2023?

A. Following the local elections in May 2023 the City Council has a new administration who have committed to reviewing the Regulation 18 Draft Canterbury District Local Plan (2022). A cross party councillor working group has been established to steer this process. The most recent Local Development Scheme (LDS) is therefore out of date. A new LDS will be prepared as the local plan is reviewed by the councillor working group. Our current expectation is that a revised Regulation 18 Draft Canterbury District Local Plan will be published for consultation in spring 2024.

I trust that this adequately answers the Examiner's question, but please let me know if he requires anything further from the Council.

Thanks,
Andrew
