A one way traffic flow system operates in this cemetery - please follow the arrow indicators.

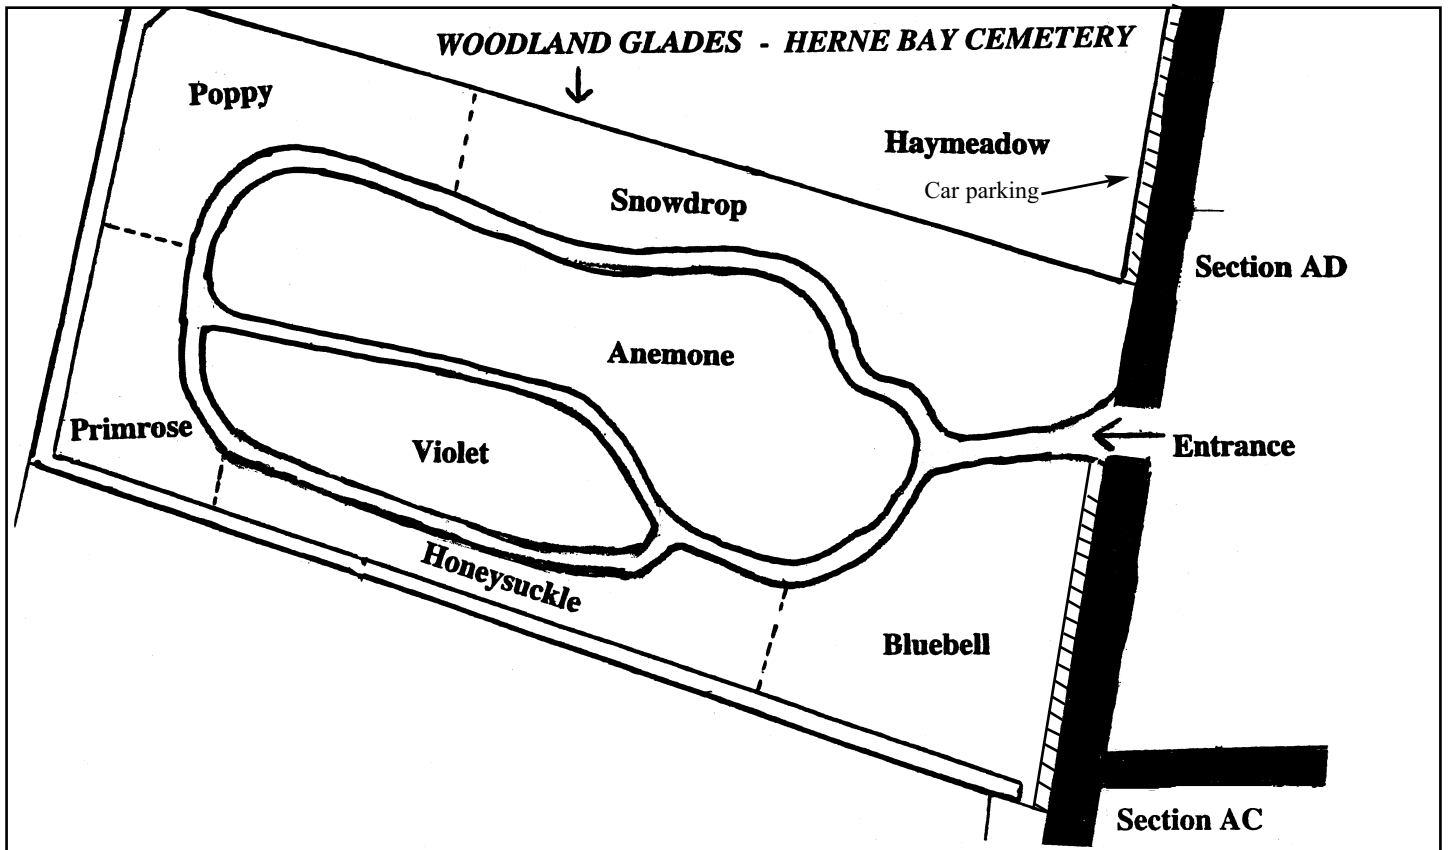

Woodland Glades

A natural habitat for small mammals, birds, insects, plants and flowers which is dedicated to the memory and peaceful repose of those whom we love but see no more.

The area has been set aside for the scattering of cremated remains within the Glades.

Advice and arrangements for this must be made with the Cemeteries Registrar at the City Council Offices, Military Road, Canterbury CT1 1YW. Phone 01227 862 490

It is illegal and an offence to scatter cremated remains within the cemeteries without permission. Each scattering must be registered and properly documented.
