Dear Andrew Gambrill,

Thank you for consulting Natural England regarding this planning application.

Please accept our sincere apologies that unfortunately, due to workload pressures and reduced capacity in the team, we have been unable to provide a response to the above consultation by the original deadline (15/05/23). Therefore we would please like to request an extension, with the aim of responding on or before 05/06/23. We trust this is acceptable but please let us know if this causes any problems. If we do not hear from you, we will assume the extension is accepted.

Yours sincerely,

Please consider this a 'thanks' in advance. Every email has a carbon footprint so if you don't hear back from me, it's not because of you, it's because of the planet. #WhatWeCanDo

We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected and England's traditional landscapes are safeguarded for future generations.

In an effort to reduce Natural England's carbon footprint, I will, wherever possible, avoid travelling to meetings and attend via audio, video or web conferencing.
